- For natural wood are acceptable variations in color shades.

CARE INSTRUCTION:

What you CAN use for cleaning:

- ALWAYS use Placemat between cups (or pots) and the wooden board.
- Placemat is recommended to be of soft materials, such as, textile cloth, cork and other materials with soft surface.
- Slightly wet microfiber or cotton cloth use for cleaning.
- Different kind of spills you MUST treat with cloth as soon as possible!

What you CAN'T use for cleaning:

- NEVER use nail polish remover, or anything containing acetone, on your wooden table.
- NEVER use any product containing bleach or bleach alternative on your wooden table as it may cause discoloration.
- Don't expose the wooden table to direct sunlight or near heat sources (heat/boiling caps,pots or heaters).
- Don't place the product in a room where a highly percentage of humidity prevail.
- Don't placing sharp and screechy objects on the product, or dragging them on the surface of the product.
